24th Bi-Annual
SPRING BULL & FEMALE SALE

SATURDAY, APRIL 6, 2024

GREENVILLE, VIRGINIA

Schedule

FRIDAY, APRIL 5TH
ALL DAY.....BULLS & FEMALES ON DISPLAY

SATURDAY, APRIL 6TH
10:00 AM.....BULLS & FEMALES ON DISPLAY
11:30 AM..... LUNCH SERVED
12:30 PM..... SALE TIME!

Sale Day Contacts:

Tom McCall • 540-292-0192 **Joe Moore** • 540-569-6219
Jake McCall • 540-416-3347 **Zach McCall** • 540-490-0264
Will Fiske • 540-414-4833

Our Bull Development Philosophy:

At M C Livestock and T&J Cattle Company our goals are to provide you with profitable genetics. Our bulls are developed on grass and hand fed a limited concentrate ration to build athletes that won't melt away when it's time to work. We raise them in a pasture environment which provides them ample exercise to allow them to maintain structural soundness and good feet which will translate to longevity in your herd.

All Bulls have passed a breeding soundness exam, including a semen evaluation. We will keep the bulls until June 1st, 2024 at no cost but will give a \$100 discount if picked up by April 15th, 2024.

Sale Format: The bulls and females will be individually priced and at 12:30pm we will go through each pen. If there are cattle that have more than one person interested in them we will have a bid off between the interested parties.

Other Bidding options: Unfortunately internet bidding is not an option for everyone in our area so we have the following options if you are not able to come sale day:

- A Conference call will be available. Please let Tom or Joe know prior to the sale if you would like to join the call.
- We can have someone on the phone with you when the bulls you are interested are selling.
- You can leave a bid with us.

Ask about our sight unseen guarantee. We will be glad to consult with you over the phone to help you select a bull that will be best suited for your needs.

Genetic Tabulations: EPD's represented in the catalog were current as of March 8, 2024. EPD's are re-calculated weekly by American Angus Association. Which means these figures represented in the catalog may have already changed or will change for the animals in the future.

Terms & Conditions: The cattle sell under the terms and conditions as recommended by the American Angus Association, North American Limousin Foundation & American Simmental Associations.

We invite you to join us April 6th!

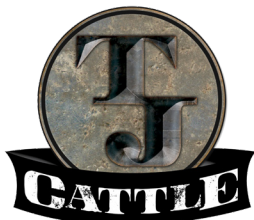

It's taken us Twenty four years to build M C Livestock into the program it is today. The herd is full of proven cow families that have stood the test of time and constantly deliver high quality bulls for our customers. Thankfully a lifetime of cattle experience registered and commercial has instilled the importance of problem free, long lasting genetics that work for our customers. This experience has inspired our mission statement:

We are dedicated to providing first class customer service, raising efficient, productive cattle, with balanced EPD's, structural soundness, fleshing ability and excellent phenotype. We pay special attention to fertility, and feet and legs to increase long term profitability for our customers.

Our long time friends and sale partners, Joe, Tabby and Samantha Moore of T&J Cattle Co. will be selling 6 Limousin/Lim flex bulls and 3 Limousin/Lim flex bred heifers. Their details can be found by visiting our website.

• Foot improver, Low birth weight, added marbling and ribeye.

These 3 flush brothers are out of M C Blackcap 7001, an impressive Resource daughter. She is as stout of a cow as we've ever owned with plenty of added growth yet still refined enough to be a lady, exemplifying the qualities we require in our cowherd. 7001 has produced 2 sons who have been sale standouts and a Confidence Plus daughter that inspired this flush. Her son M C High Road 3003 sells as well.

• Opportunity knocks with this rugged and stout Lim-flex (60%) son of the breed standout, DEBV Gladiator 917G. Kingdom is calving ease, very sound, and has tremendous rib shape and dimension. His grandsire is our foundation sire, TJMR Brimstone 420B ET. The earning potential is all here, and we're excited to offer a bull of his phenotype and lineage.

• Zach purchased 301L from Western Illinois University at the side of his mother last spring. His mother is big barreled and awesome footed with an incredible udder. 301 is stout, rugged and muscular. He will add pounds and product to your calf crop at weaning. This SimAngus bull will provide heterosis without sacrificing the good.

A scenic landscape at sunrise or sunset. The sky is a mix of light blue and orange, with a few wispy clouds. In the foreground, two dark-colored cows are grazing in a lush green field. The field is filled with tall grass and some golden-brown seed heads. In the background, there are rolling hills and a range of mountains under a hazy, golden light. The overall mood is peaceful and serene.

• Due 9/5/24 with a bull calf to Woodhill Comstock.

The female lots start with this outstanding lineup of maternal sibs from one our most successful donors, M C Blackcap 0070. At 14 years old 0070 is still a cornerstone of our program as she just won't stop turning out well balanced, functional cattle with bulls that consistently stand at the top of our sales and females that earn their own way into the donor pen. She is flawless in her structure with huge body capacity and a perfect udder even as an aging cow. She boasts a production record of 6@97 BW and 5@110 WW, a testament to the scale pounding performance she passes down to her progeny. This is your chance to claim a direct daughter of one of the top cows to ever walk MC Livestock.

Homo-polled, Double black

- Al-bred on 12/29/2023 to AHCC Easy Rider 5594E
- Jinx is out of the chart-topper, WULF Xclusive 2458X and our donor, TJMR Tanner 012X, a WULF Shop Talk 2332S daughter. Tanner has been the bull maker of many of our top-selling bulls for many years. Jinx is the best female to expand your program.

Homo-polled, Hetero-black

- Al-bred on 1/22/2024 to DANH Durham 54D
- This female is exceptional across the board and pretty hard for us to sell! She has tremendous growth and milk numbers. She is pregnant with a heifer calf that will be even better.
