

29th Bi-Annual

FALL BULL SALE

SATURDAY, NOV. 7, 2026

AT MC LIVESTOCK | GREENVILLE, VA

FROM LEFT: WILL FISKE, JAKE & MADISON, SARAH & TOM AND ZACH MCCALL

TABBY, SAMANTHA & JOE MOORE

Tom and Sarah McCall established MC Livestock in the Fall of 2000 with a primary goal in mind, producing cattle that benefit commercial cattlemen and registered producers alike. What started with a trailer load of cattle unloaded into the fertile grasslands of the Shenandoah Valley has developed into a biannual bull sale, national champion genetics, and a spread of the MC brand into some of the most astute commercial herds and coveted breeding programs in the country. Thankfully a lifetime of cattle experience registered and commercial has instilled the importance of problem free, long lasting genetics that work for our customers.

We believe the cow is the foundation of any herd and so every breeding decision starts with making sure we have sound cattle with quality feet and udders, impeccable structure and good disposition for a problem free female. Likewise, we strive to produce bulls that will pass on their mothers' functionality along with the power and efficiency our customers have come to expect, producing calves that make premiums, not problems.

Our longtime friends and sale partners, Joe, Tabby and Samantha Moore of T&J Cattle Co. share our commitment to working for our customers and consistently bring the very best of Limousin and Lim/Flex genetics to complement our sale. ***Whether you are looking for bulls, females, food or fellowship we welcome you to our sale and welcome you to view the cattle any time.***

Breeding FOR THE FUTURE!

We invite you to join us

NOVEMBER 7, 2026!

MC LIVESTOCK • 4873 Lee Jackson Hwy. • Greenville, VA 24440

SCHEDULE:

Friday, November 6th

All Day ..... Bulls Available for Viewing
5:00 p.m. ..... Pre-Sale Meal & Social

Saturday, November 7th

10:00 AM ..... Bulls on Display
11:30 AM ..... Lunch Served
12:30 PM ..... Sale Time!

SALE FORMAT: The bulls will be individually priced. At 12:30pm we will go through each pen. The cattle will be offered at the listed price. If more than one person is interested in the same animal we will have a bid off between the interested parties. A conference call will be available for anyone unable to attend in person.

OTHER BIDDING OPTIONS: Unfortunately internet bidding is not an option for everyone in our area so we have the following options if you are not able to come sale day:

- **A Conference Call** will be available. *Please let Tom or Joe know prior to the sale if you would like to join the call.*
- We can have someone on the phone with you when the bulls you are interested are selling.
- You can **leave a bid** with us.
- Ask about our **sight unseen guarantee**. We will be glad to consult with you over the phone to help you select a bull that will be best suited for your needs.

Our BULL DEVELOPMENT *Philosophy*

At M C Livestock and T&J Cattle Co. our goals are to provide you with profitable genetics. Our bulls are developed on grass and hand fed a limited concentrate ration to build athletes that won't melt away when it's time to work. We raise them in a pasture environment which provides them ample exercise to allow them to maintain structural soundness and good feet which will translate to longevity in your herd.

GENETIC TABULATIONS: EPD's represented in the catalog were current as of October 8, 2025. EPD's are re-calulated weekly by American Angus Association & North American Limousin Foundation which means these figures represented in the catalog may have already changed or will change for the animals in the future.

TERMS & CONDITIONS: The cattle sell under the terms and conditions as recommended by the American Angus Association and the North American Limousin Foundation.

- All bulls have passed a breeding soundness exam, including a semen evaluation.
- We will keep the bulls until December 1st at no cost but will give a $100 discount for any bull picked up by Nov. 15th.

LT Clarion x M C Miss Wix 0043 Flush Brothers

TOM'S take

POWER ON POWER. On our visit to Thiel Ranch in 2024 I saw a cow that I knew I had to tie into. LT Forever Lady 7038- The mother of herd bulls – LT Chieftain, LT Chosen, and LT Clarion. In using Clarion, I paired her with Miss Wix 0043 a powerfully constructed Stunner daughter who posts 96 BW and 109 WW ratios. ***The bulls are men and the females are ladies.*** I could not be more pleased with the outcome.

FLUSH BROTHERS BY CLARION

- There are 5 flush brothers of this mating in the sale and the tough part was deciding who to picture!
- Each one is stout made, deep bodied and sure to pack the pounds on their progeny. Their donor dam records a 3@109 weaning ratio and their sisters are looking just as impressive.

FLUSH BROTHERS BY FOUNDATION

- This mating was designed with maternal quality in mind coupling the pathfinder sire S Foundation 514 with M C Blackcap 9075, who ratios 5@104 for weaning and whose daughters in production are looking phenomenal already.
- Each of these bulls has been impressive since birth with added length and dimension, and eye appeal.

M C Cowtown 4098 • Maternal Brother to this flush. Purchased by Cowgrass LLC, Maxwelton, WV and Mark Moxley, West Friendship, MD in our Fall 2025 Sale.

Producing cattle that
MAKE **PREMIUMS**
NOT **PROBLEMS**

TOM'S take

Hoffman High Road is a unique proven calving ease sire that adds body, mass, bone and excellent foot structure. We like his versatility and kind. After seeing daughters in production at the Hoffman's Ranch in Nebraska we were excited to get ours in production and the have not disappointed. They have exceptional udder structure and teat size. Female maker's here

- A pair of bulls bred for calving ease with an extra punch of performance
- Donor dam Consistently produces easy fleshing, problem free cattle that are deep sided and long bodied with extra bone.
- Look for both of these bulls to add maternal quality to your herd while adding pounds to your bottom line

TOM'S take

These flush brothers have really stood out with excellent performance and look in the pen. We used Wall Street for his attractive marbling numbers but also his even more attractive daughters who are consistently clean fronted and functional with sound structure and perfect udder quality. We are very happy with how this flush turned out.

TJMR New Legacy 512N is a quality calving-ease herd sire prospect that demands attention. He brings elite genetics wrapped in a powerful, attractive package with the kind of presence, structure, and phenotype that makes you stop and take notice. His sire, our AI sire AHCC Federal Reserve 042K, is a bull bred to make an impact—and we expect New Legacy 512N to carry that same ability forward to his offspring. The impact of these genetics won't be limited to the pasture. They are built to translate to the rail as well, delivering the kind of consistency, performance, and profitability that cattlemen can build a program around.

Carcass merit and maternal profitability have been bred into this herd sire prospect for several generations. He is as quiet as they come and the complete package with a tremendous spread in growth EPD's and outstanding maternal numbers. With a balanced set of EPD's, he is the kind that works for progressive commercial and registered herds in providing value-added feeder calves, profitable fat cattle and quality replacements.

Striking in his appearance, this stout, long-bodied Lim-flex (53%) son of SJMR Jet Stream 106J is the real deal you are looking for. SJMR Jet Stream 106J is an AI sire that sold in this sale four years ago to Ridgeway Family Limousin. Navigator and Jet Stream stem from the great RLBH Air Force One known for his structural soundness, rib and muscle shape, and balance. On the bottom side, Navigator gains tremendous longevity and milk from the legendary WBBK Red Pepper 2009M. Build your herd with his exceptional daughters.

Stockman's Challenge

Our Why: ***We believe in the future of agriculture and these kids!*** 294 kids from VA, MD, WV, TN and Ohio participated in our 6th annual livestock judging contest. We believe contests like this teach kids not only to sort livestock but to make decisions and defend them which is a skill they will use throughout their life no matter what career they choose.

Zip

You're never ready to lose a good dog. Zip was always ready to go, whether it was chasing cows, riding in the hay truck, guarding her tree or greeting people, she was always on the job.

Well done Zip...That'll do.
